Specification of Adhesive Floor Marking Tapes

PART 120-FT

Strong self adhesive floor tape for floor marking and hazard identification.

Self-adhesive floor marking tapes are ideal for marking out areas on warehouse or factory floors, lane marking and identifying hazardous areas. They can be used in gymnasiums, to mark out gridlines for games and sports; construction and building sites, to mark out track ways for construction vehicles, such as forklifts and to define goods areas in warehouses and walkways for pedestrians.

The tape is available in a choice of six single colours, white, yellow, orange, blue, red and green and three striped hazard tapes, black and yellow, white and green and white and red. The product is suitable for either temporary or permanent marking, with no residue being left behind on the floor when the tape is removed.

The tape is supplied in a 50mm widths, 33m long.

Use different coloured tapes to mark out different areas, perhaps colour-coding to raise awareness of various levels of hazard or to signify areas reserved for particular goods. The tape is strong and long-lasting, perfectly capable of resisting the pressure and stress of continual foot and vehicular traffic.

The tape is made of a durable self-adhesive PVC material and is TUV GS safety approved.
