

Safety Data Sheet

Regulation 1907/2006/EC, Article 31 REACH
Issue Number 1, Revision Date: June 2020
No. of pages 4

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product Identifier

Product Name High Purity Bar Solder Tinmans & Pellets SK100C
(RoHS Compliant/Reach Compliant) No SVHC's

1.2. Relevant Identified uses of the substance or mixture and uses advised against

Description Bar Solder/Tinmans & Pellets for wave soldering. For Industrial Use only .

1.3. Details of the supplier of the safety data sheet

Company Solderking Assembly Materials Limited
Address Unit 5D

Lancaster Road

Carnaby

Bridlington

East Yorkshire

YO15 3QY

United Kingdom

Telephone

Email

Email of competent person

1.4. Emergency telephone number

+44 01262 363088

SECTION 2: Hazards Identification

2.1. Classification of the mixture

Main Hazards P403+P235 Store in a well ventilated place. Keep cool

Label Elements EC 1272/2008

Classification Not Classified

GHS Symbols Not Classified

Hazard Statements

Precautionary Statements

SECTION 3: Composition & Ingredients

This material is defined as a mixture

Alloy SK100C Melting 227°C

Chemical Name	CAS No	EC No.	REACH Registration Number	Conc.(%w/w)
Tin*	7440-31-5	231-141-8	01-2119486474-28-xxxx	Rem
Copper	7440-50-8	231-159-6	01-2119480154-xxxx	0.5-0.7

Danger! -Toxic to aquatic life

*doped alloy nickel

SECTION 4: First Aid Measures

4.1. Description of first aid measures

If inhaled If breathed in move the exposed person to fresh air. If person is not breathing give

High Purity Solder Bar/Tinmans/Pellets SK100C

In case of eye contact	artificial respiration. Consult a doctor.
In case of skin contact	Rinse immediately with plenty of water for 15 minutes holding the eyelid open.
If swallowed	Wash off with plenty of soap and water.
	Rinse mouth thoroughly. DO NOT INDUCE VOMITING. Consult a doctor as soon as possible.
4.2. Most important symptoms and effects, both acute and delayed	
Inhalation	Not known
Eye Contact	
Skin Contact	Obtain treatment for burns
Ingestion	
4.3 Indication of any immediate medical attention and special treatment needed	
	Seek medical attention if any symptoms persist

SECTION 5: Firefighting Measures

5.1. Extinguishing Media	Use extinguishing media appropriate to the surrounding fire conditions (Dry chemical, carbon dioxide, water spray or foam)
5.2. Special hazards arising from the substance or mixture	No specific fire or explosion hazard.
5.3 Advice for Fire Fighters	Remove all persons from the area of the accident if there is a fire. Fire fighters should wear self-contained breathing apparatus with a full face piece operated in positive pressure mode.

SECTION 6: Accidental Release Measures

6.1. Personal precautions, protective equipment and emergency procedures	Use personal protective equipment. Do not walk through or touch spilt material. Ensure adequate ventilation of the working area.
6.2. Environmental precautions	Do not allow product to enter drains, soil, waterways and sewers. Prevent further spillage if safe
6.3. Methods and material for containment and cleaning up	Sweep up and shovel. Keep in suitable closed containers for disposal.
6.4. reference to other sections	See section 2,8,13 for further information

SECTION 7: Handling and Storage

7.1. Precautions for safe handling	Avoid contact with eyes and skin. Ensure adequate ventilation of the working area. Fumes produced during reflow should be extracted away from the breathing zone of operators. Wash hands with soap and warm water after handling soldering products. Adopt best manual handling considerations when handling, carrying and dispensing.
7.2. Precautions for safe storage, including and incompatibilities	Keep in a cool, dry, well ventilated area.
7.3. Specific end use(s)	Bar solder / Tinmans /Pellets for pots

SECTION 8: Exposure controls/personal protection

8.1. Control parameters	
8.1.1. Exposure Limit Values	
Tin	2 mg/ m ³ 8 hour Time Weighted Average, UK EH40
8.2. Exposure Controls	
8.2.1 Appropriate engineering controls	Extraction should be used to reduce exposure. Please use health and safety guidelines to choose suitable extraction.
8.2.2. Individual protection measures	Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of the work day. Wash contaminated clothing before re-use. Ensure that eye wash stations are close to the work area.
Eye/face protection	
Skin / Hand protection	Wear protective clothing. Handle with gloves. Gloves must be inspected prior to use. When handling dross or molten metal, heat resistant gloves should be used. Wash and dry hands.
Biological Standards	None

Environmental exposure controls The material possesses minimal risk to the environment.

SECTION 9: Information on basic physical and chemical properties

State	Solid
Colour	Grey
Odour	Metal
pH	No data available
Melting point	227°C
Freezing point	Not available
Boiling point	Not available
Flash point	Not available
Evaporation rate	Not available
Flammability limits	Not available
Vapour flammability	Not available
Vapour pressure	Not available
Vapour density	Not available
Relative density	Not available
Fat solubility	Not available
Partition coefficient	Not available
Autoignition temperature	Not available
Viscosity	Not available
Solubility	Insoluble in water
9.2. Other Information	
Conductivity	No data available
Surface Tension	No data available
Gas group	No data available

SECTION 10: Stability and Reactivity

10.1. Reactivity	No data available on this product
10.2. Stability	
10.3. Possibility of Hazardous Reactions	None
10.4. Conditions to avoid	None
10.5. Incompatible Materials	None
10.6. Hazardous Decomposition Products	No data available

SECTION 11: Toxicological Information

11.1. Information on toxicological effects	
Inhalation	Fumes generated during use may cause sensitisation to the respiratory system and should be extracted away from the operator.
Ingestion	
Skin Contact	Skin contact should be avoided.
Eye contact	No information available.
Target Organs	No information available.
Germ cell mutagenicity	No information available.
Carcinogenicity	No information available.

SECTION 12: Ecological Information

12.1. Toxicity - Rated as slightly toxic to aquatic species
12.2. Persistence and degradability - Resistant to bio-degradation and insoluble in water.
12.3. Bio accumulative potential - No data available
12.4. Mobility in soil - No data available
12.5. Results of PBT and vPvB assessment- no data available
12.6. Other adverse effects -No data available

SECTION 13: Disposal Considerations

General Information

High Purity Solder Bar/Tinmans/Pellets SK100C

Dispose of in compliance with all local and national regulations. Empty containers may contain product residue. The product container must be disposed of in a safe way.

Disposal methods

Contact a licensed waste disposal company. Avoid dispersal of spilt material and runoff in contact with soil, waterways

Disposal and Packaging

Do NOT reuse empty containers. Empty containers can be sent for disposal and recycling.

Further Information

For disposal with the EC, the appropriate code according to the European Waste Catalogue (EWC) should be used. 06 04 05 Wastes containing other heavy metals. Hazardous waste.

SECTION 14: Transport Information

Hazard Pictograms

Not hazardous for transport

SECTION 15: Regulatory Information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006.

15.2 Chemical safety assessment

For this product a chemical safety assessment was not carried out

SECTION 16: Further Information

This product is Reach and RoHS compliant.

The information supplied in this safety data sheet is designed only as guidance for the safe use, storage and handling of the product. It is a guide and does not purport to be all inclusive. This information is correct to the best of our knowledge and belief at the date of publication however no guarantee is made to its accuracy. The user should always use the appropriate safety precautions and ask Solderking technical if anything is not understood. This information is related only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process.

Please contact info@solderking.com for more information
