

JBC AM120

Adjustable Micro Tweezers

JBC

It provides a perfect solution for **fast and precise SMDs rework of chip components and small/medium SOP from PCB assemblies.**

The adjusting system guarantees that the cartridges are equally aligned, with vertical and rotatory symmetry.

AM120 Adjustable Micro Tweezers can be used with DIU, DDU, DMU Control Units by using AMS Stand and they can also work with CDP Micro Tweezer Station.

It requires C120 Cartridge Range.

**Don't believe us...
