INSTRUCTION MANUAL

HRR

Rework Right Hand Support

This manual corresponds to the following reference:

HRR-A

Packing List

The following items are included:

**Right Hand
Support Arm** 1 unit

Height Adj. Flange 1 unit
Ref. 0023991

Manual 1 unit
Ref. 0028803

Features

Assembly

Setting up the Hand Support Arm

Fit the shaft into the flange bushing (1) and tighten the headless screw at the rear (2). Then assemble first the height adjustment flange (3) and finally the hand support arm (4) onto the shaft.

The hand support arm position should be like shown in the image. The right hand support is marked at its bottom side with the letter "R".

Height Adjustment

According to your work needs the hand support arm allows adjustment for different heights through the vertical axis.

Slide the arm to the appropriate height (1) and secure by tightening the knob (2) to guarantee stability.

* Not included, sold separately.

Work Position Adjustment

RHT hand support arm allows adjustment for different positions according to your work needs.

The articulated arm covers the entire working area.

The correct hand work posion ist shown in the following images:

Accessories*

If a second hand support is needed, Left Hand Support HRL is available. HRL also allows adjustment for different positions.

HRL
Left Hand Support

In case of using both left and right arms, assemble both as shown in the illustration according to the letters on the back of the hand support, to keep the hand supports at the same level.

* Not included, sold separately.

Compatible JBC Articles*

HRR and HRL can be combined with RWT, RWS or RWB.

Assemble first the height adjustment flange (1), then the HRR (2) and afterwards the HRL (3). Assemble the second height adjustment flange (4) and finally the RWT (5).

* Not included, sold separately.

Maintenance

- Check periodically that the RHT is clean, especially the sliding parts and the shaft.
- Use a damp cloth when cleaning. Alcohol can only be used to clean the metal parts.
- Replace any defective damaged parts. Use original JBC spare parts only.
- Repairs should only be performed by a JBC authorized technical service.

Do not leave the RHT over the preheater when it is in operation.

Safety

It is imperative to follow safety guidelines to prevent electric shock, injury, fire or explosions.

- Do not use the equipment for any purpose other than PCB rework. Incorrect use may cause fire.
- The temperature of accessible surfaces may remain high after the unit is turned off. Handle with care.
- Be careful with the fumes produced when soldering.
- Keep your workplace clean and tidy. Wear appropriate protection glasses and gloves when working to avoid personal harm.
- Not leave up the arms directly above heat surfaces.
- Utmost care must be taken with liquid tin waste which can cause burns.
- This appliance can be used by children over the age of eight as well as persons with reduced physical, sensory or mental capabilities or lacking experience provided that they have been given adequate supervision or instruction concerning use of the appliance and understand the hazards involved. Children must not play with the appliance.
- Maintenance must not be carried out by children unless supervised.
