

Technical Data Sheet

L-Shape Brackets

Description

“L” Shaped bracket with 3 jack socket (LSBJ) or 3 x 10mm studs (LSBS) are designed to fit under the table, workbench or shelf. These units distinguish between earth facility and earth bonding point - An earth facility (EF) usually distributes the electrical mains earth or a dedicated ESD earth, (protective earth) within an EPA. Connection to earth is made via the supplied 2m black wire fitted with a ring terminal. Incorporates 1 meg ohm resistors on each individual stud or socket connection. Dimensions: 70mm x 22mm x 40mm.

Configurations can include: 4mm,7mm,10mm Stud, 4mm Banana Sockets, M5 Binding Post.
