

Kraftform Kompakt VDE 17 Universal 1 Tool finder, 17 pieces

Kraftform Kompakt VDE Take it easy

EAN:	4013288229564	Size:	200x110x85 mm
Part number:	05006611001	Weight:	906 g
Article number:	Kraftform Kompakt VDE 17 Universal 1 Tool Finder	Country of origin:	CZ
		Customs tariff number:	82054000

- 17-piece set
- 2 VDE-insulated Kraftform 817 VDE blade-holding screwdrivers with anti-roll protection
- VDE blades (157 mm length) with practical spinning function, anti-roll protection and "Take it easy" Tool finder: Colour coding by profile and laser-engraved size indication
- Individually tested tools as per IEC 60900
- In robust pouch
- Suitable for Wera 2go

2x 817 VDE Kraftform bitholding screwdrivers and 15 VDE blades with "Take it easy" Tool finder: Colour coding and laser-engraved size indication; Kraftform Kompakt VDE 60 iS Take it easy 1x 0.6x3.5x157 with reduced blade diameter, so that even low-lying screw and spring elements can be easily reached and operated. Individually tested tools as per IEC 60900. Individually tested in a water quench at 10,000 V for safe working at the approved voltage of 1,000 V. In a robust belt pouch. The textile box features a fleece zone at the back. Using the provided self-adhesive hook and loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.

Kraftform Kompakt VDE Take it easy

Individually tested

Why is the right tool so often missing at the workplace? The reason: too many tools and overly-heavy tool bags can make it bothersome to carry keep them with you. So for us it was a clear challenge: to develop a tool that is suitable for a whole host of applications and can be easily taken along to the workplace. Our solution: Kraftform Kompakt tools. A handle into which blades with a range of different profiles can be inserted. Compactly and protectively housed in a light and robust textile pouch - and they are even VDE-tested, too.

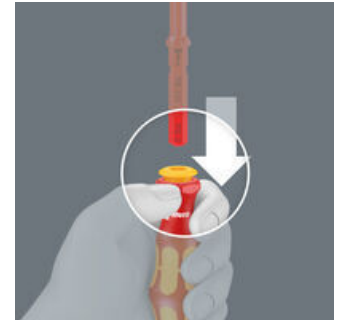

Each Kraftform Kompakt VDE set has been tested individually at 10,000 volts, in accordance with IEC 60900. This ten-times-higher testing load guarantees safe working at their maximum permitted load of 1,000 volts.

Handle/interchangeable blade system – Kraftform Kompakt VDE

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

Easy change

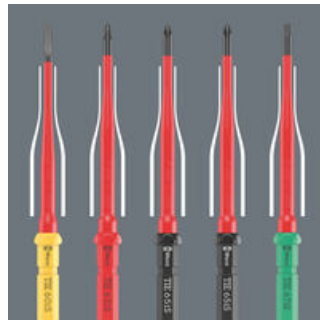

The Kraftform Kompakt VDE blades can be replaced simply by pulling down the yellow ring on the handle.

PlusMinus screwdrivers

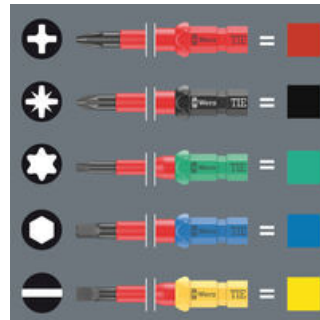

For the use in terminal blocks, control cabinets, switches, relays, sockets etc.

VDE interchangeable blade with reduced shaft diameter

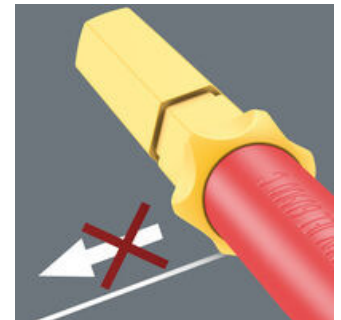

Reduced blade diameter with integrated protective insulation, allows sunken screws and spring elements to be accessed and actuated, individually tested as per IEC 60900.

"Take it easy"

The Kraftform Kompakt VDE blades are equipped with the "Take it easy" Tool finder. The colour coding by profile and the laser-engraved size indication make it easy to identify the required tool quickly.

Hexagonal anti-roll feature against rolling away

The Kraftform Kompakt blades come with an anti-roll protection. The hexagonal shape hinders the blade from rolling away annoyingly at the workplace.
