

ALEP250 is the most ergonomic, programmable Automatic-Feed Soldering Iron **designed for high-volume industrial production**. Its grip-format **reduces operator strain**, while the trigger-actuated solder feed **keeps one hand free for precise component positioning**. ALEP250 works exclusively with **ALE Control Unit** and is compatible with **C250** and **C250E** Cartridge Ranges. **Solder wire** diameter ranges from 0.4 to 1.8 mm (0.016 to 0.073 in), depending on the nozzle installed. Guide not included.
